

Assigned Projects

- DAY 1 - Motor Start/Stop with Seal-in Circuit (Optional)
- Forward/Reverse Motor Control
- Electrical Interlocking

- DAY 2 - Traffic Light System (Optional)
- Pedestrian Signal
- Conveyor Sequence

- Day 3 - Temperature Monitoring & Alarm System (Optional)
- Signal Filtering
- Multiple Setpoints

- Day 4 - Batch Mixing Station (Optional)
- Manual / Auto Mode
- Multiple FB Instances

- Day 5 - Sorting & Packaging Line (Capstone Project)

DAY 6 - FINAL PROJECT

Option 1 : Smart Conveyor Sorting System

2 : Automatic Bottle Filling Plant

3 : Batch Mixing Plant

4 : Automated Warehouse Conveyor

5 : Multi-Floor Elevator Control

6 : Packaging Line

7 : Automatic car parking system

8 : Cold storage control system

9 : Automatic crane lifting system

10 : 4 way junction traffic control system
